

# DELUXE VAPORIZER

Product #704050

## INSTRUCTIONS

**Coverage Area: 1,000 Sq. Ft.**

**VAPORIZER PLACEMENT:** Hang the unit by the wire handle (use a jack chain – not rope or cord) so that it is suspended vertically 2-3 feet above the plants, and at least 3 feet away from any combustible surface. Make sure air can pass freely through and around the unit.

**CUP PLACEMENT IN UNIT:** The height of the cup is adjustable in order to create optimal temperature for cup contents. Lower cup to increase temperature; raise cup to decrease temperature.

**NOTE:** Please read Important Safety Precautions below:

## IMPORTANT SAFETY PRECAUTIONS!

**CAUTION! DO NOT TOUCH** unit while in operation, as vaporizer will become very hot during use.

Vaporization should be performed at night under maximum humidity, when condensation is visible.

No alterations or repairs can be carried out on the vaporizer other than by the manufacturer.

Use only with properly registered materials. Follow all safety and licensing guidelines where applicable.

*Thank you for purchasing the Grower's Edge Deluxe Vaporizer.*
